

Bible Explorer Training Report

Bible Explorer Programme started in 2012 after successful training held at Kaputu School (Salima) in 2011 by Lynnette Stander from Walk Through the Bible, South Africa.

Bible Explorer started with four Schools as a pilot project and the schools were Kaputu, Simaewa, Salima L.E.A. and Msalura. The Programme is aimed at standards five and six in local Primary Schools and it's for all faiths. So far, the programme is in 52 Schools.

During Chris's (Starfish Malawi UK Chairman) visit last month, we had a meeting with ten Pastors with the aim of extending Bible explorer programme so that it can also be done in Churches.

On June 17th, 2022, we had a training at Zambezi Church and ten pastors and Eight Sunday School teachers were trained.

Rachel M'bwana	New Samaritan
Panganani Mwale	Pillar of Fire
Matthews Benedicto	Winners Chapel International

COMMENT'S AFTER THE TRAINING.

Reverend Davison Moyo,

A pastor at African Methodist Episcopal Church commented and this is what he said:

“Bible Explorer is very important method of teaching God's word. I kindly asked the starfish office if they can keep on training Pastors and Church leaders on this Programme and this should not be one day conference training.”

Pastor J. Kalolo

Who is a pastoring at Zambezi Church in Salima and this is what he said:

“The training was good because Pastors and Church leaders were able to understand the whole Bible. The attendance was also good because different Churches came to attend the programme.

For your own information, my Church has already started to benefit from this project because one of my Church leaders started using the skills obtained to teach the Children in my Church.”
