

October Edition

from the Starfish UK & Malawi Teams.

Thank you from all of us at Starfish Malawi. Without your donations and prayers, our work would not be possible. We thank God every day for what He is doing in Malawi and here with us in the UK.

This month we would like to share the following stories with you.

Superb food and evening at our Annual Dinner

We were delighted to have 54 supporters at the recent annual dinner.

The evening was a relaxed and joyful time where we were served a marvellous cold buffet, engaged with others around the tables and listened to project updates through a PowerPoint presentation.

We were also pleased to have beautiful handmade craft items available to purchase from the Life Church Craft shop. All proceeds from sales have been given to Starfish.

<https://starfishmalawi.com/thelifechurch-craftshop> for more information

Thank you to all who attended and made the evening go so well.

So far, we have raised over £1,000.

Everland Teacher's House

We are delighted to report that the new house being built for two teachers is now nearly ready to start the roof.

The builders are doing great work and we hope to see this completed by the end of the month and ready for painting.

Our continued thanks to the supporters of Michael Jackson's Legacy for donating the funds that is enabling this house to be built. It will greatly benefit the teachers as they will be able to live on site in the community where the children live.

Testimonials

We recently received two lovely words of gratitude and thanks from participants of our projects. We wanted to share these with you.

Rabecca Chimbalu says the work of Starfish has helped her in many ways and God has blessed her family too.

Rabecca is one of the volunteers who work with Starfish in Malawi in different areas. I want to give my testimony. I teach children the Word of God and am happy to say that through Starfish I have benefited a lot and as of now I am a qualified teacher through different courses I have done, like Kids at Heart, a Starfish funded programme for Sunday School teachers. I have a beautiful certificate and am able to do whatever God tells me to do.

I am also doing a discipleship course with Emmanuel Press (Starfish programme) and am learning a lot through this course again. Another area is the work with girls in the Starfish Cherish programme which I also lead at my Church of Malawi Assemblies of God. The programme has brought a lot of changes in the lives of many girls. They have given their lives to Jesus, they are doing well in the side of education and no girl has been found with pregnancy. I myself and my family are blessed by God in many ways because of the work I do with Starfish.

May God bless Starfish team.

Barbra Kalolo shows a Hand sign for 120 years, she says she likes the story of Jacob.

My name is Barbra Kalolo, aged 9 and I learn at Msaluiria Primary School. I like the Bible Explorer programme taught at our School because I have been helped to know many things from the Bible. I have learnt that if someone keeps the word of God, his or her life will live longer on earth.

I like the story of Jacob, one day his father Isaac, wanted to bless Esau his brother.

Then Jacob discussed with his mother to disguise himself by covering his hands with an animal skin so that Isaac should think it was Esau since he had a hairy skin in order to be blessed by his father. He got the blessings of his brother deceitfully.

The lesson I learnt is that when you want to be blessed, you should not grab somebody's blessings.

Autumn Appeal Update

Donate to our work by scanning this code with your mobile device

Thank you for your support

Registered address:
Aldermen Cottage, Sporden Lane, Sandhurst, Kent, TN11B 5NR.
Charity Number: 1130350 www.starfishmalawi.com

We are very grateful for those who have supported this appeal to provide much needed mosquito nets and toiletries to children in the Ngolowindo community and Salima Blind school.

To date we have raised nearly £1,500.

If you wish to contribute, please view the details
